SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES INLAND REGION

Oroville Dam Spillway Scheduled Water Release, Butte County

On 03/31/19 at 1126 hours, the California State Warning Center (CSWC) was notified by the Department of Water Resources (DWR) that the Emergency Action Plan (EAP) for Oroville Dam High Flow Operations was activated as a precautionary measure only. No hazard or threat to the Oroville Facilities exists.

Per DWR as of 04/08/19 at 1310 hours:

- DWR deactivated the EAP for Oroville Dam High Flow Operations as of 04/08/19 at 1310 hours.
- DWR began reducing the release from Lake Oroville as of 04/08/2019 at 1200 hours.
- Feather River flows will be reduced from 25,000 CFS to 20,000 CFS and reduced again at 1400 hours down to 15,000 CFS.
- Main Spillway release will be reduced to 4,800 CFS.
- DWR will continue to notify local emergency management agencies and entities along the Feather River of significant changes in releases from Lake Oroville.
- Cal OES Dam Safety will stay engaged with the dam owner throughout the water release and keep CSWC up-to-date if anything changes.
- CSWC will continue to monitor the situation and provide updates as they become available.

Cal OES COASTAL REGION

Activations

- Del Norte County EOC is activated at Level 1 to monitor local weather, river forecast and road closures.

Deployments

- 1 Cal OES Coastal Region Emergency Services Coordinator (ESC) deployed as an Agency Representative to the Del Norte County EOC

Cal OES SOUTHERN REGION

- Nothing significant to report.

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Flash Flood Watch from this afternoon through this evening for a portion of northern California including the following areas: Burney Basin/Eastern Shasta County, Mountains Southwestern Shasta County to Northern Lake County, Northeast Foothills/Sacramento Valley, Northern Sacramento Valley, Shasta Lake Area/Northern Shasta County and Western Plumas County/Lassen Park and includes the Redding area.
 - Showers and thunderstorms accompanied by heavy rain will be possible this afternoon and evening.
 - The Carr, Delta and Hirz burn scars may be impacted as well as the Redding area and portions of I-5.
 - Rock slides and debris flows will be possible, especially near the recent burn scars.
 - Potential for rapid rises on creeks and small rivers, and urban flooding.

SOUTHERN CALIFORNIA

- Strong winds will impact the region Tuesday and Wednesday. There will be widespread wind gusts 40-55 mph with gusts to 75 mph in the mountains and foothills.
 - Impacts may include tree damage and difficult driving conditions, especially for high profile vehicles on I-5, Hwy. 101, and SR 154.
- Much warmer temperatures are expected today, with Death Valley making a run at its first 100 degree reading of the season.
- By Tuesday, temperatures will return to seasonal levels as pressure levels drop, which will create opportunities for precipitation.

WEATHER KEY POINTS

04/08/19 - 04/14/19

Monday

- Periods of heavy rain will continue to move across northern CA. Isolated thunderstorms also possible in the afternoon and evening.
 - Flooding possible along smaller creeks and streams. Areal flooding is possible in urban areas. There is also a threat of landslides, rock falls and debris flows from recent burn scars.

Tuesday

- Slightly cooler temperatures return with snow levels dropping to 5,500 feet in the northern areas. Snow may cause minor travel impacts over the Sierra.
- Gusty offshore winds continue across southern CA. The strongest winds of the week in these areas with gusts to 35 mph likely Tuesday night. Strong winds also possible across the southern desert areas with gusts to 60 mph. Localized property damage and power outages possible.

Wednesday

- Dry conditions across much of the state with no significant impacts. Cooler temperatures continue.
- Gusty winds continue across southern CA but begin to weaken.

Thursday-Friday

- Snow may impact travel over the Sierra Thursday night into Friday.

Saturday-Sunday

- Snow may impact travel over the Sierra Saturday night into Sunday.

OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-842 04/07/19, 1702 hours:** San Bernardino called to request mutual aid for two hikers that had disappeared near Mt. Baldy. A group of four hikers split up on 04/06/19 at noon so that the two with ice gear could continue up to Cucamonga Peak. They were supposed to reunite on 04/06/19 before dark. No one has seen them since they parted at noon. San Bernardino is requesting for 0700 on 04/08/19:12 to 15 Type I searchers and 10 to 12 Type II searchers as well as cell phone forensics. Los Angeles Sheriff's Department and San Diego Sheriff's Department are working on the request; AFRCC contacted and accepted the forensics request #19M0183A. **MISSION ON-GOING.**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-SOC-275:** Request for Caltrans Engineer to provide initial technical assistance and determine the scope of the storm drain assessment project alongside city contractors for the town of Paradise. (Coordinating)
- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
